#11228
3″ Type R Quick Change Disc

Dense, blocky grain well suited for general purpose grinding and stock removal. Durable use on ferrous, non-ferrous, stainless steels, alloys and non-metallics.

Specifications

Diameter	3"
Button Type	Type R
Max RPM	20,000
Opt RPM	7,000
Brand	SHUR-KUT™
Material Type	Coated
Abrasive Grain	Aluminum Oxide
Color Family	Maroon
Backing Type	Cloth
Backing Material	Cotton
Backing Weight	X-Wt.
Bond Type	Resin/Resin
Grain Coverage	Closed Coat
Product Form	Quick Change Disc
Grit	50
Standard Package Quantity	50
Stock Status	Stock

Features / Applications

The reduced diameter of quick change discs provide ease of use on intricate parts, and excellent control when shaping or blending surface portions. Ideally used on flat surfaces to utilize more cutting action, the moderate flexibility of quick change discs and their holders also allow contouring and access to inner corners. The unique quick change functionality reduces changeover downtime and eases transitions between grit, material, or even abrasive type where multistep processes are required.

Features	General stock removal and shaping on most metals Spot weld removal or rough blending Leveling or blending imperfections
