#40418
1-1/2″ Type R Quick Change Disc

For aggressive applications requiring fast material removal, or lasting performance on harder metals. Exceptional contact pressure in small, flat areas.

Specifications

Diameter	1-1/2"
Button Type	Type R
Max RPM	30,000
Opt RPM	8,500
Brand	SHUR-BRITE™
Material Type	Nonwoven
Nonwoven Class	XE High Performance
Nonwoven Category	Surface Conditioning
Abrasive Grain	Aluminum Oxide
Color Family	Brown/Blue
Backing Type	Scrim
Waterproof	Yes
Product Form	Quick Change Disc
Grade	CRS
Standard Package Quantity	100
Stock Status	Non-Stock

Features / Applications

The smaller diameters of quick change discs allow easy access to tighter areas of intricate workpieces, while maintaining a higher speed for aggressive material removal or blending. Used on right angle die grinders, quick change discs can be finessed and easily controlled for precision material removal, shaping or blending applications. Worn discs can be replaced without additional tooling, minimizing production downtime, and easing progressive finishing steps.

Features	Aggressive blending & removal Firm cutting action for flat surfaces Heavy deburring Scale removal Rough shaping of soft materials Fastest initial stock removal
