#54812
3″ x 2″ x 1/4″ Seamless Satin Wheel

Unique, seamless structure for de-polishing and matte finishing without harsh and visible transition lines, sometimes seen with traditional flap brushes. Used with die grinders on flat or slightly contoured parts.

Specifications

Diameter	3"
Width	2"
Shank Diameter	1/4"
Max RPM	7,500
Opt RPM	4,000
Brand	SHUR-BRITE™
Material Type	Nonwoven
Nonwoven Class	Heavy Duty
Nonwoven Category	Satin Finishing
Abrasive Grain	Aluminum Oxide
Mounting	Shank Mounted
Product Form	Seamless
Grade	FINE
Standard Package Quantity	5
Stock Status	Stock

Features / Applications

Several wheels are available exclusively for right angle and variable speed angle grinders, taking advantage of the familiarity and ease of use of the tool. Larger areas can be cleaned, prepped or finished faster, and multiple operations can be achieved without changing tools. Wheels specifically made for angle grinders are a convenient alternative to flap drums and their required linear finishing tools.

Features	Prevents seams, lines and transitions Continuous matte finishing De-polish non-ferrous surfaces Silicon carbide available for finer finishing
