#46875
2″ Type R RIGID-KUT Quick Change Disc

Stiff backing keeps grains in place during aggressive, general purpose applications. High edge retention resists shredding during sharp deburring applications. Dense aluminum oxide grains suitable for most metals and general applications.

Specifications

Diameter	2"
Button Type	Type R
Max RPM	30,000
Opt RPM	10,500
Brand	SHUR-KUT™ RIGID-KUT™
Sub-Brand	RIGID-KUT™
Material Type	Coated
Abrasive Grain	Aluminum Oxide
Color Family	Maroon
Backing Type	Cloth
Backing Material	Poly/Cotton; Cotton
Backing Weight	X-Wt.
Bond Type	Resin/Resin
Grain Coverage	Closed Coat
Product Form	Quick Change Disc
Grit	100
Standard Package Quantity	100
Stock Status	Non-Stock

Features / Applications

The reduced diameter of quick change discs provide ease of use on intricate parts, and excellent control when shaping or blending surface portions. Ideally used on flat surfaces to utilize more cutting action, the moderate flexibility of quick change discs and their holders also allow contouring and access to inner corners. The unique quick change functionality reduces changeover downtime and eases transitions between grit, material, or even abrasive type where multistep processes are required.

Features	Dense grains ideal for stock removal Highly resistant to shredding Heavy deburring and edge applications
