

**#10514**  
**2" Type S Quick Change Disc**

Less dense and aggressive than HS quick change discs, finer grades are reinforced with a cloth backing. For light cleaning or finishing, suitable for soft materials.

| <b>Standard Package Quantity</b> | 50                |
| <b>Stock Status</b>              | Stock             |

**Features / Applications**

Due to the high strength nylon fibers and resin content, satin finishing discs can withstand higher rotational speed in both stationary or portable use, for flat or on-edge application. Both quick change and arbor mounted options are available for use with small or intricate parts to larger contours.

**Features**

Decorative blending or finishing  
Oxidation removal from small areas  
Micro-deburring or seam cleaning  
From matte finish to low polish
