

**#10554B**
2" Type R Quick Change Disc

A balanced density of grains and resin offer a controlled cut rate on harder metals and less loading on softer materials. Moderate cushion and flexibility reduces gouging or marring on all flat surfaces and contours.

Specifications

Diameter	2"
Button Type	Type R
Max RPM	30,000
Opt RPM	7,000
Brand	SHUR-BRITE™
Material Type	Nonwoven
Nonwoven Class	Grind Duty
Nonwoven Category	Surface Conditioning
Abrasive Grain	Aluminum Oxide
Color Family	Maroon/Maroon
Backing Type	Scrim
Waterproof	Yes
Product Form	Quick Change Disc
Grade	MED
Standard Package Quantity	50
Stock Status	Stock

Features / Applications

The smaller diameters of quick change discs allow easy access to tighter areas of intricate workpieces, while maintaining a higher speed for aggressive material removal or blending. Used on right angle die grinders, quick change discs can be finessed and easily controlled for precision material removal, shaping or blending applications. Worn discs can be replaced without additional tooling, minimizing production downtime, and easing progressive finishing steps.

Features	Blending coated scratch patterns
	Equal performance on flat or contoured surfaces
	Reduced risk of gouging softer materials
	Consistent performance
	Several grades available for progressive finishing
