

**#10611**
1/2" x 24" Flex Belt

A variety of sizes available for use with small contact wheels to access intricate areas. Exceptional flexibility and edge durability for detail work over contours and corners.

Specifications

Width	1/2"
Length	24"
Brand	SHUR-BRITE™
Material Type	Nonwoven
Nonwoven Class	Flex
Nonwoven Category	Surface Conditioning
Abrasive Grain	Aluminum Oxide
Color Family	Maroon/Green
Backing Type	Flex
Waterproof	Yes
Product Form	Belt
Grade	MED
Standard Package Quantity	96
Stock Status	Stock

Features / Applications

The open structure of surface conditioning belts resists overheating, part discoloration or loading, ensuring consistent quality throughout life - important factors when decorating or finishing large surface areas. In narrow or short form, like file belts, the surface conditioning material is manufactured with additional flex, easily conforming to small contact wheels and narrow areas of the workpiece. Wide belts utilize a low stretch reinforcement, providing stability and reduced changeover on large, robotic equipment.

Features	Thin, pliable reinforcement Flexible over small contact wheels Conforms to smaller areas
