

**#11260**
2" Type R Quick Change Disc

Dense grains continually generate new cutting edges, ideal for long lasting stock removal. Sharp grains reduce heat and friction in high pressure applications.

Specifications

Diameter	2"
Button Type	Type R
Max RPM	30,000
Opt RPM	10,500
Brand	SHUR-KUT™
Material Type	Coated
Abrasive Grain	Zirconia
Color Family	Blue
Backing Type	Cloth
Backing Material	Cotton
Backing Weight	X-Wt.
Bond Type	Resin/Resin
Grain Coverage	Closed Coat
Product Form	Quick Change Disc
Grit	50
Standard Package Quantity	100
Stock Status	Stock

Features / Applications

The reduced diameter of quick change discs provide ease of use on intricate parts, and excellent control when shaping or blending surface portions. Ideally used on flat surfaces to utilize more cutting action, the moderate flexibility of quick change discs and their holders also allow contouring and access to inner corners. The unique quick change functionality reduces changeover downtime and eases transitions between grit, material, or even abrasive type where multistep processes are required.

Features

Aggressive stock removal on hard metals and alloys
Sharp cut reduces heat, friction and loading
High pressure applications
