

**#12196**  
**1-1/2" x 60° Center Lap Cone**

Durable cloth abrasive is precisely formed and mounted to a solid pointed holder. Tool-free locknut prevents cone slippage for continued performance against all types of metals. Used with center lapping machines and drill presses.

**Specifications**

|                                  |                 |

**Features / Applications**

Small diameter cones are designed to chamfer at precise angles. Easily used in holes and around edges for edge breaking or deburring. Chamfering and center lap cones are well suited for recessing holes to specified depths. Rigid cloth backing with tough and durable aluminum oxide grains retains its shape throughout use, ensuring consistent results.

**Features**

Rigid cloth backing maintains shape  
Accurate 60° chamfer  
Precision holder reduces chatter  
Tool-free locknut for fast changeout
