

**#13546****2" x 1/2" x 8-32 Cross Pad**

Flexible fingers easily conform to inside diameters and tubes for cleaning, prep or finishing. Easily deburr or chamfer machined holes with the finesse of handheld tools. Self-centering for smooth, flush wall sanding.

Specifications

Diameter	2"
Thickness	1/2"
Threaded Eyelet	8-32
Max RPM	23,000
Brand	SHUR-KUT™
Material Type	Coated
Abrasive Grain	Aluminum Oxide
Product Form	Cross Pad
Grit	80
Standard Package Quantity	100
Stock Status	Stock

Features / Applications

Mandrel mounted pads are available in cross or square construction, both providing specialized use. Durable layers of cloth abrasives allow fresh exposure of new grains as top layers are worn away, providing consistent performance and long life throughout use.

Features

Propeller-like design keeps workpiece visible
Flex and conform to holes without damage
Quickly clean hydraulic cylinders
Quick change mandrel design
