

**#18912**  
**6" x 48" Coated Belt**

Tough, durable grains for extended life on high pressure applications. Continually sharp cutting surfaces provide excellent cut in finishing and polishing applications. Additional grinding aid to reduce friction and premature breakdown where heat generation is of concern.

**Specifications**

|                                  |              |
|----------------------------------|--------------|
| <b>Width</b>                     | 6"           |
| <b>Length</b>                    | 48"          |
| <b>Brand</b>                     | SHUR-KUT™    |
| <b>Material Type</b>             | Coated       |
| <b>Abrasive Grain</b>            | Zirconia     |
| <b>Grain Enhancement</b>         | Grinding Aid |
| <b>Grinding Aid</b>              | Yes          |
| <b>Color Family</b>              | Green        |
| <b>Backing Type</b>              | Cloth        |
| <b>Backing Material</b>          | Polyester    |
| <b>Backing Weight</b>            | Y-Wt.        |
| <b>Bond Type</b>                 | Resin/Resin  |
| <b>Grain Coverage</b>            | Closed Coat  |
| <b>Product Form</b>              | Belt         |
| <b>Grit</b>                      | 80           |
| <b>Standard Package Quantity</b> | 10           |
| <b>Stock Status</b>              | Stock        |

**Features / Applications**

Due to the size range of coated belts, applications range from small inside corner weld removal to coil and sheet steel surface finishing. The availability of backing weight and flexibility allows use with small airfile contact wheels to larger diameter drum or cylindrical grinding. Durability also prevents stretch or slack in backstand applications, allowing coated materials to perform properly with consistent wear.

**Features**

Aggressive, sharp cut on stainless steel  
Dissipates heat and resists loading  
Extended performance and stock removal  
Fresh cutting edges exposed during use
