

**#32049**
2" Type R Quick Change Disc

Reduced heat, general purpose grinding action on a variety of materials. Ideal for stock removal, shaping and deburring. Specially applied grinding aid reduces heat in aggressive, high pressure applications, extending cutting life.

Specifications

Diameter	2"
Button Type	Type R
Max RPM	30,000
Opt RPM	10,500
Brand	SHUR-KUT™
Material Type	Coated
Abrasive Grain	Aluminum Oxide
Grain Enhancement	Grinding Aid
Color Family	Maroon
Backing Type	Cloth
Backing Material	Polyester; Cotton
Backing Weight	X-Wt.
Bond Type	Resin/Resin
Grain Coverage	Closed Coat
Product Form	Quick Change Disc
Grit	50
Standard Package Quantity	100
Stock Status	Stock

Features / Applications

The reduced diameter of quick change discs provide ease of use on intricate parts, and excellent control when shaping or blending surface portions. Ideally used on flat surfaces to utilize more cutting action, the moderate flexibility of quick change discs and their holders also allow contouring and access to inner corners. The unique quick change functionality reduces changeover downtime and eases transitions between grit, material, or even abrasive type where multistep processes are required.

Features

Additional heat dissipation non-ferrous metals
Cool cutting action and extended life
Efficient grinding and shaping on aircraft grade aluminum
