

**#34361****4" x 1/2" x 1/2" Stripping Wheel**

Consistent removal of rust, paint or surface contaminates. Clean weld discoloration without altering workpiece. Moderate flexibility reduces harm to softer materials.

**Specifications**

|                                  |                     |
|----------------------------------|---------------------|
| <b>Diameter</b>                  | 4"                  |
| <b>Width</b>                     | 1/2"                |
| <b>Arbor Diameter</b>            | 1/2"                |
| <b>Max RPM</b>                   | 8,000               |
| <b>Opt RPM</b>                   | 4,500               |
| <b>Brand</b>                     | SHUR-BRITE™         |
| <b>Material Type</b>             | Nonwoven            |
| <b>Nonwoven Class</b>            | Black               |
| <b>Nonwoven Category</b>         | Stripping           |
| <b>Grain Enhancement</b>         | Black               |
| <b>Mounting</b>                  | Arbor Mounted       |
| <b>Product Form</b>              | Arbor Mounted Wheel |
| <b>Grade</b>                     | XCRS                |
| <b>Standard Package Quantity</b> | 10                  |
| <b>Stock Status</b>              | Stock               |

**Features / Applications**

Stripping products are aggressive enough to quickly remove layers of paint, residue, corrosion or rust, but the flexibility will not alter or reshape the solid surface underneath. The open, nonwoven structure resists heat buildup, which could cause excessive loading of some surface layers. Stripping products can be used on all sides and offer consistent performance throughout life.

**Features**

Open structure resists heat  
Paint removal without gouging  
Gasket or adhesive removal  
without clogging
