

**#34366****4-1/2" x 7/8" Stripping Disc**

Reinforced backing provides added leverage on flat or contoured parts. Open structure resists heat, loading and clogging, prolonging product life.

Specifications

Diameter	4-1/2"
Arbor Diameter	7/8"
Shape	Depressed Center
Max RPM	11,000
Opt RPM	8,600
Brand	SHUR-BRITE™
Material Type	Nonwoven
Nonwoven Class	Black
Nonwoven Category	Stripping
Grain Enhancement	Black
Product Form	Depressed Center
Grade	XCRS
Standard Package Quantity	10
Stock Status	Stock

Features / Applications

Stripping products are aggressive enough to quickly remove layers of paint, residue, corrosion or rust, but the flexibility will not alter or reshape the solid surface underneath. The open, nonwoven structure resists heat buildup, which could cause excessive loading of some surface layers. Stripping products can be used on all sides and offer consistent performance throughout life.

Features

Increased area and surface coverage
Large-scale removal on hard surfaces
Consistent performance throughout life
