

**#35599**
5" x 7/8" Hook & Loop Disc

For surface preparation or finishing with measured, repeatable results on stainless steels and non-ferrous metals. Cooler temperatures are maintained, resulting in longer life for larger surface areas.

An assisted-centering arbor hole ensures consistent disc alignment every changeover. Use on right angle grinders with rubber backing pad and retainer nut, for higher rotational speed.

Specifications

Diameter	5"
Arbor Diameter	7/8"
Max RPM	7,000
Opt RPM	2,600
Brand	SHUR-BRITE™
Material Type	Nonwoven
Nonwoven Class	Finish Duty
Nonwoven Category	Surface Conditioning
Abrasive Grain	Aluminum Oxide
Color Family	Maroon
Backing Type	Scrim
Waterproof	Yes
Attachment Type	Hook & Loop
Mounting	Arbor Mounted
Product Form	Hook & Loop Disc
Grade	MED
Standard Package Quantity	20
Stock Status	Non-Stock

Features / Applications

For removal, blending, surface preparation and finishing of larger areas, the hook and loop attachment system safely secures larger diameter discs to multiple tools. Compared to smaller quick change discs, full surface treatments of larger workpieces can be completed with less changeover, and product or operator fatigue. Best for flat and moderately contoured surfaces, materials available are well suited for a variety of industrial applications.

Features

Achieve required surface finishes
Progressive scratch removal
Fine blending & smoothing
Surface treatment & preparation
