

**#35599B**
5" x 7/8" Hook & Loop Disc

An assisted-centering arbor hole ensures consistent disc alignment every changeover. Use on right angle grinders with rubber backing pad and retainer nut, for higher rotational speed.

Controlled cut rate and surface finishing range on harder metals. Balanced density of grains and resin reduce heat generation, loading and smearing on both hard or soft materials.

Specifications

Diameter	5"
Arbor Diameter	7/8"
Max RPM	7,000
Opt RPM	2,600
Brand	SHUR-BRITE™
Material Type	Nonwoven
Nonwoven Class	Grind Duty
Nonwoven Category	Surface Conditioning
Abrasive Grain	Aluminum Oxide
Color Family	Maroon/Maroon
Backing Type	Scrim
Waterproof	Yes
Attachment Type	Hook & Loop
Mounting	Arbor Mounted
Product Form	Hook & Loop Disc
Grade	MED
Standard Package Quantity	20
Stock Status	Non-Stock

Features / Applications

For removal, blending, surface preparation and finishing of larger areas, the hook and loop attachment system safely secures larger diameter discs to multiple tools. Compared to smaller quick change discs, full surface treatments of larger workpieces can be completed with less changeover, and product or operator fatigue. Best for flat and moderately contoured surfaces, materials available are well suited for a variety of industrial applications.

Features

Blending or refining scratch patterns
Moderate cushion and flexibility
Reduced risk of gouging soft materials
Consistent performance
