

**#38857**
2" Type R Quick Change Disc

Durable and long-lasting finishing when a higher cut rate is necessary. Strong fibers resist snagging or tearing on intricate parts and can handle higher applied pressure. The quick change holder provides directional pressure from the tool for better control and off-hand finesse.

Specifications

Diameter	2"
Button Type	Type R
Max RPM	12,000
Opt RPM	7,000
Brand	SHUR-BRITE™
Material Type	Nonwoven
Nonwoven Class	High Strength
Nonwoven Category	Satin Finishing
Abrasive Grain	Aluminum Oxide
Color Family	Maroon
Waterproof	Yes
Product Form	Quick Change Disc
Grade	MED
Standard Package Quantity	50
Stock Status	Stock

Features / Applications

Due to the high strength nylon fibers and resin content, satin finishing discs can withstand higher rotational speed in both stationary or portable use, for flat or on-edge application. Both quick change and arbor mounted options are available for use with small or intricate parts to larger contours.

Features

Edge deburring on extrusions
Finishing brass or steel stampings
Final finishing of intricate aerospace parts
