

#40311
2" Type S Quick Change Disc

Self-sharpening grains continually produce fresh cutting points, reducing friction and prolonging cut rates under lighter pressure. Additional grinding aid further reduces heat, extending disc life.

Specifications

Diameter	2"
Button Type	Type S
Max RPM	30,000
Opt RPM	10,500
Brand	SHUR-KUT™
Material Type	Coated
Abrasive Grain	Ceramic
Grain Enhancement	Grinding Aid
Grinding Aid	Yes
Color Family	Red
Backing Type	Cloth
Backing Material	Polyester
Backing Weight	X-Wt.
Bond Type	Resin/Resin
Grain Coverage	Semi-Open Coat
Waterproof	Yes
Product Form	Quick Change Disc
Grit	36
Standard Package Quantity	100
Stock Status	Non-Stock

Features / Applications

The reduced diameter of quick change discs provide ease of use on intricate parts, and excellent control when shaping or blending surface portions. Ideally used on flat surfaces to utilize more cutting action, the moderate flexibility of quick change discs and their holders also allow contouring and access to inner corners. The unique quick change functionality reduces changeover downtime and eases transitions between grit, material, or even abrasive type where multistep processes are required.

Features

Additional heat dissipation for high temperature grinding
Sharp grains easily cut through stainless steel and alloys
Flexible X-weight backing
Extended life and grain retention
