

#54509 2" Type R Quick Change Disc

Premium, self-sharpening grain with advanced grinding aid substantially reduces heat to increase cutting power on harder metals. Durable polyester backing and cooler cutting action extend product life in lighter pressure applications.

Specifications

Diameter	2"
Button Type	Type R
Max RPM	30,000
Opt RPM	10,500
Brand	SHUR-KUT™
Material Type	Coated
Abrasive Grain	Ceramic
Grain Enhancement	Premium
Grinding Aid	Yes
Color Family	Purple
Backing Type	Cloth
Backing Material	Polyester
Backing Weight	Y-Wt.
Bond Type	Resin/Resin
Grain Coverage	Closed Coat
Waterproof	Yes
Product Form	Quick Change Disc
Grit	80
Standard Package Quantity	100
Stock Status	Stock

Features / Applications

The reduced diameter of quick change discs provide ease of use on intricate parts, and excellent control when shaping or blending surface portions. Ideally used on flat surfaces to utilize more cutting action, the moderate flexibility of quick change discs and their holders also allow contouring and access to inner corners. The unique quick change functionality reduces changeover downtime and eases transitions between grit, material, or even abrasive type where multistep processes are required.

Features	Light operator pressure
	High temp applications
	Aggressive cut rate on hard or exotic alloys
	Higher, prolonged cut rate
Applications	General purpose grinding and stock removal
	Deburring or parting line removal on cast parts
	Spot weld removal and blending
	Mold and cavity grinding and refurbishing
	Grinding and preparing hot castings
