

**#54801**
4-1/2" x 3/4" x 5/8"-11 Flap Wheel
for Angle Grinder

Portable, large diameter flap wheel conforms to right angles to remove or refine inside corner welds, clean or refine narrow channels or extrusions. Quick change hub for use with right angle grinders.

Specifications

Diameter	4-1/2"
Width	3/4"
Arbor Diameter	5/8"-11
Max RPM	13,300
Opt RPM	7,500
Brand	SHUR-KUT™
Material Type	Coated
Abrasive Grain	Aluminum Oxide
Mounting	Arbor Mounted
Product Form	Flap Wheel
Grit	40
Standard Package Quantity	10
Stock Status	Stock

Features / Applications

Flexible flaps are arranged radially around a center core allowing high removal and finishing rates with reduced pressure and fatigue from operators. The flexibility of the flaps allows excellent control and conformability on contours and inside or around intricate parts. As the grains wear away, so does the cloth backing, continually exposing fresh abrasive material and sharp cutting grains. The variety of shapes and sizes available provide versatility in grinding, deburring and polishing flat or contoured surfaces and edges. Several mounting options are available for many tools, including right angle grinders.

Features

Narrow profile with extended flaps
Easily refine or prep deeper channels
Strong, flexible cloth backing wears uniformly
Quick changeover between other right angle wheels or discs
