Features / Applications

Several wheels are available exclusively for right angle and variable speed angle grinders, taking advantage of the familiarity and ease of use of the tool. Larger areas can be cleaned, prepped or finished faster, and multiple operations can be achieved without changing tools. Wheels specifically made for angle grinders are a convenient alternative to flap drums and their required linear finishing tools.

Features

Prevents seams, lines and transitions
Continuous matte finishing
De-polish non-ferrous surfaces
Silicon carbide available for finer finishing
