Features / Applications

Several wheels are available exclusively for right angle and variable speed angle grinders, taking advantage of the familiarity and ease of use of the tool. Larger areas can be cleaned, prepped or finished faster, and multiple operations can be achieved without changing tools. Wheels specifically made for angle grinders are a convenient alternative to flap drums and their required linear finishing tools.

Features

Coated flaps remove and clean surface imperfections
Satin flaps blend and finish parts
Remove & blend parting lines or small welds in one operation
Blend or repair scratch patterns
